	Expanded Provider Telehealth Access – Through June 18, 2020, eligible medical providers who have the ability and want to connect with their patient through synchronous virtual care (live video- conferencing) can do so. Except for the waiver of cost-sharing for COVID-19 testing related visits, benefits will be processed in accordance with the member's plan.			Medicare Advantage-For all UnitedHealthcare Medicare Advantage plans, including Dual Eligible Special Needs Plans, any originating site requirements that may apply under Original Medicare are waived, so that telehealth services provided via a real- time audio and video communication system can be billed for members at home or another location. All CPT/HCPCS codes, payable as telehealth when billed with Place of Service 02 and the GQ or GT modifiers, as appropriate, under Medicare, will be covered on our Medicare Advantage plans for members at home during this time.
